— LIVESTOCK SERVICES —

Welcome

On behalf of the Maxie family, welcome to the Alabama Select Horse Sale. We are honored to bring together a group of outstanding consignors, quality horses, and dedicated buyers for an event built around integrity, horsemanship, and opportunity.

This sale represents more than a marketplace — it represents the continued growth of the horse industry in the Southeast. Our goal has always been to create an event where serious buyers can confidently purchase quality horses and consignors can proudly showcase the programs they have worked hard to build.

We extend our sincere appreciation to the consignors who have trusted us with their horses, the buyers and bidders who support this sale, and the many friends of the horse industry who have come to be part of this event.

A special thank you goes to the Southeastern Livestock Exposition for hosting this event at Garrett Coliseum and for their continued dedication to promoting agriculture and youth programs across the region. We are also grateful to Tribute Feed for their support in helping make this sale possible.

We hope you enjoy your time in Montgomery and find the kind of horse that becomes a lasting partner for years to come. Thank you for being part of the Alabama Select Horse Sale.

If you want a gentle, versatile mare to ranch on, heel on, or trail ride, this is your horse. She has a fancy handle, a big stop, and is great in the box. She's been heeled on and is started in the breakaway. She's been used extensively outside to doctor cattle, pen at the stockyard, and has plenty of trail miles. She's seasoned beyond her years — you'd never guess she's only 4 years old. If you can climb on a horse, you'll get along with this one. Ride her now and breed her later. She has the kind of mind that you can take any direction. She sells 100% sound.

Sally is a seasoned ranch mare with plenty of experience under her belt. She has been used in a backgrounding yard doctoring calves and in a cow/calf operation tagging calves, penning cows, and prowling pairs. She has also worked at the stockyard punching, sorting, and penning cattle. Sally will go all day and cover country with ease. She has some buttons, is soft in the bridle, and moves off your leg. She walks, trots, and lopes on both leads with ease. She is not for a beginner rider. If handled roughly or "snatched on," she can get a little worked up-not in a mean way, just sensitive and can get confused. With a confident rider who uses quiet hands, she is a solid, hardworking partner. If you're looking for a mare that's been used and knows a day's work, Sally is ready to go. <https://youtube.com/shorts/JN-rqtH5-il>

Complete Dispersal

For more than 50 years, Mr. Steve Rogers and his family have poured their hearts into breeding, raising, and showing exceptional reining horses in the great state of Alabama. Their program has always been more than a business—it is a legacy built on dedication, horsemanship, and a deep love for the horse. Through decades of ownership, showing, and exhibiting horses across the United States, the Rogers family has shaped not only winning competitors, but lasting memories for countless riders and families.

Together with the late Keith Tidmore and his family, the Rogers program became a cornerstone of the Southeast's reining community. Their horses are known not just for their talent, but for their kind minds and honest dispositions—family-friendly partners that riders of all levels can train, show, and truly enjoy. These horses have carried children to their first wins, helped amateurs gain confidence, and given seasoned competitors reliable, willing partners in the show pen.

As the Rogers family begins a well-earned transition into retirement, this dispersal represents the passing of a torch—an opportunity for new owners to become part of a program that has spanned generations. The horses offered here reflect decades of thoughtful breeding, horsemanship, and dedication to producing quality reining horses. We are honored to represent the Rogers and Tidmore families and proud to help carry their legacy forward.

This is a filly that can wear a lot of different hats. You won't find one more gentle than this one. She has been hauled on both the head and heel side and never gets upset in

the box. She has also been started in the breakaway. She has a big stop and plenty of run. We've used her to doctor a lot of cattle and for day work on the ranch. She's handy, broke, and can really ride around. This filly has the mind of a 15-year-old horse — nothing seems to bother her. She's as wide as she is tall and made to last. Whether you ride her every day or once a year, she stays the same. If you need one to rope on, ranch on, or turn your kids loose on without a worry, this is your horse. She sells 100% sound. <https://youtu.be/qjtlLKnrn9v0?si=uck230vISc4-QBwf>

If you're searching for a reliable daily ranch or trail horse, or a companion to help teach your child the ropes of being a cowboy, look no further than Josie! She has been my dependable personal go-to horse for the last year, and I have enjoyed every minute spent with her. Josie always has a gentle, easy-going, willing demeanor. Josie has years of experience on the trails and with ranch work, making her a great addition to any ranch. She is quiet, solid, and confident on the trails and has weekly experience working in the stockyard. On the ranch, she is incredibly handy with checking, gathering, sorting, pasture roping, and doctoring cattle, often with me working alone. She has a lot of run and exceptional rate when roping a cow. Josie can side pass to open and close gates and will drag anything you dally to the saddle horn. She always gives her best, showing a lot of heart. Josie is dependable, respectful, and soft, with lots of feel on the ground and in the saddle. She has a nice soft trot, will lope both leads on cue, and has simple, easy transitions. She neck reins, side passes, responds to leg cues, and has a good stop, nice turnaround, and rides bridleless. Josie is great with traffic, machinery, bullwhips, wildlife, flags, and dogs. Josie is simple and easy to ride. Josie knows how to put in a hard day's work but will happily enjoy a leisure ride down the trail. Josie is a fun, level-headed horse who is easy to get along with, making her the perfect go-to horse for daily use. <https://youtu.be/q9bVWJwbumZM?si=ILXobkplIT3Llksr>
